**Laughing Kookaburras

*Bar 1: (Ha) unvoiced, exhalation.

** Laughing Kookaburras: Independently, the sopranos (or a subset of sopranos) mimic the call of Laughing Kookaburras (Dacelo novaeguineae): "koo-koo-koo-koo-koo-koo-koo", or similar. Build up gradually from bar 3–9 in typical Laughing Kookaburra fashion, then fade out from bar 13–16.
